

AYMEN ELJAMANI

Data Scientist | ML engineer

+212773567766 @ eljamani.aej@gmail.com eljamani94.github.io/portfolio/ Casablanca, Morocco

SUMMARY

Passionate about AI and data science, with experience in machine learning and deep learning. My time in China strengthened my communication, adaptability, and teamwork skills.

My goal is to work with collaborative, driven, and innovative people, apply and grow my skills, and build intelligent systems that make real-world impact.

EDUCATION

 **Bootcamp Data Science & IA (Batch #2106)**
Le Wagon
08/2025 - 12/2025

 **Master of Science - MS, Computer Science**
SUPINFO International University
10/2018 - 11/2020

 **Bachelor's Degree, Applied Computer Methods in Business Management (MIAGE)**
University of Haute-Alsace
09/2017 - 07/2018

 **Bachelor's Degree, Computer and Electronic Systems Engineering (ISIE)**
IGA - Institut supérieur du Génie Appliqué
09/2016 - 07/2018

 **University Technology Degree (DUT), Electronics and Industrial Computing**
Sidi Mohammed Ben Abdellah University-EST Fez
09/2013 - 07/2015

PROJECTS

Cotton Weed Detection | MLOps & Computer Vision
11/2025 Casablanca, Morocco

- Built an end-to-end **YOLOv8-based weed detection MLOps system**, deployed on **Google Cloud**, using a **microservices architecture with FastAPI, Streamlit, and Docker**.
- Delivered **real-time multi-class detection (3 species)** via a **REST API (Swagger)** with **<500 ms inference latency**, CI/CD, and health monitoring.

GPT from Scratch with TensorFlow

10/2025 Casablanca, Morocco

- Implemented a **Transformer-based GPT model from scratch** using **TensorFlow/Keras**, including **Multi-Head Attention, Positional Encoding, and Feed-Forward Networks**.
- Performed **advanced NLP preprocessing** on **15,000+ samples**, achieving **93.3% accuracy (Perplexity 1.21)**.

RAG System with LangChain - European Parliament

10/2025 Casablanca, Morocco

- Developed a complete **Retrieval-Augmented Generation (RAG) system** using **LangChain, Gemini embeddings, and ChromaDB** for intelligent document querying.
- Indexed **2,000+ document chunks with metadata**, optimized prompts, and **reduced embedding costs via persistent storage**.

House Prices Regression | Kaggle

09/2025 Casablanca, Morocco

- Designed a **full regression pipeline with Scikit-learn** (KNN imputation, scaling, One-Hot Encoding, cyclic features, log-target)
- Tuned **Random Forest & Gradient Boosting models** with **GridSearchCV**, improving **RMSLE from 0.21 to 0.12**. (Top 10% ranking on Kaggle)

CERTIFICATION

AI Career Essentials
ALX Morocco 05/2025

Python Essentials 2
Python Institute 03/2025

Data Analytics
ALX Morocco 09/2025

Machine Learning
Stanford Online 11/2021

SKILLS

Programming & Data Analysis

Python, R, SQL, Pandas, Numpy, Statsmodels, Power BI

Machine Learning & AI

Scikit-Learn, XGBoost, TensorFlow, Keras, PyTorch
OpenCV, LangChain, Hugging Face, MLflow

Data Visualization & Notebooks

Tableau, Matplotlib, Seaborn, Plotly, Jupyter, Google Colab

Cloud, Deployment & Tools

BigQuery, Google Compute, Cloud Storage, Git, Docker, FastAPI, Prefect, Streamlit

Soft Skills

Analytical thinking, Problem-solving, Adaptability
Project management, Communication, Collaboration

EXPERIENCE

Physical Education & English Teacher (Ages 1-5)

KidsHome 毅英宝贝家

02/2021 - 09/2024 Beijing, China

- Taught **preschool classes combining physical education and basic English** to children aged **1 to 5** (class of 10 students).
- Developed strong **communication, creativity, and adaptability skills** by designing **play-based activities** that promoted **language, motor skills, and social interaction**.

Web Developer Intern

PLATI MAROC

05/2020 - 10/2020 Mohammedia, Morocco

- Contributed to the development of a **web application for CV and recruitment management** using **HTML, CSS, JavaScript, ASP.NET, and C#**.
- Designed the **SQL Server database** and implemented full **CRUD operations**.

LANGUAGES

English Proficient (C1) **Chinese** Intermediate (B2)

French Proficient (C1) **Arabic** Native
